

MEDTRONIC GLUCOSE SENSORS

PRIVATE FUNDING PACKAGES FOR CGM

APPLICATION FORM

Glucose Sensor Private Funding Packages are designed for our MiniMed™ 670G System, MiniMed™ 640G System and Paradigm® Veo™ customers who purchase Guardian™ Sensor 3 or Enlite™ glucose sensors themselves and **do not** have these funded by the NHS.

* Note a Medtronic CGM transmitter (Guardian™ Link 3, Guardian™ 2 Link or MiniLink™) is required for the use of Guardian™ Sensor 3 or Enlite™ glucose sensors.

The following two funding packages are available:

 COMPLETE MONITORING	 LITE PACKAGE
'COMPLETE' For full time use of Guardian Sensor 3 or Enlite glucose sensors Price per Sensor £42.00 23.6% <i>discount from standard Medtronic price</i>	'LITE' For part time use of Guardian Sensor 3 or Enlite glucose sensors Price per Sensor £47.25 14.1% <i>discount from standard Medtronic price</i>

1 PLEASE COMPLETE YOUR DETAILS FOR IDENTIFICATION

To be eligible for either of these packages you must be registered for the UK MiniMed eShop or MiniMed Care. Please indicate below to confirm what you are already registered for.

I am registered with: UK MiniMed eShop UK MiniMed Care

Full Name (including title): _____

Date of Birth: _____ Postcode: _____

Contact Telephone No. _____ Pump Serial Number: _____

Date: _____

Please tick the box to let us know which Insulin Pump System you are using and to acknowledge the training requirements for each system.

I am a Paradigm® Veo™ User - I will obtain support and training from my healthcare team to use CGM.

I am a MiniMed™ 640G System User - I will obtain support and training from my healthcare team to use CGM.

I am a MiniMed™ 670G System User – I will request a 'MiniMed™ 670G System Healthcare Professional Self-Funding Training Form' from Medtronic and send this to my healthcare professional to complete and return to Medtronic before I am able to order glucose sensors.

2 CHOOSE YOUR PACKAGE

Please select which package you would like to sign up to:

- COMPLETE** - For **full time** use of Enlite glucose sensors
- LITE** - For **part time** use of Enlite glucose sensors

3 ACCEPT OUR TERMS & CONDITIONS

- You must be a UK MiniMed Care Registered customer to be eligible for this loyalty scheme.
- You must be a UK MiniMed 670G System, MiniMed 640G System or Paradigm Veo Insulin Pump user.
- Only one package can be selected per UK MiniMed customer.
- These discount schemes are only available to UK MiniMed customers privately funding their Enlite sensors and not eligible for funding on the NHS.
- Only glucose sensors ordered using the special codes sent in customers' Package Set Up Confirmation will be discounted. If a customer does not use the special discount code then they will be charged the full standard price.
- Glucose sensors and CGM Transmitters (Guardian Link 3, Guardian 2 Link or MiniLink) can only be ordered using these special discount codes via telephone by calling 01923205167. The discount code needs to be quoted with every order.
- Complete Package
 - A Minimum of 10 boxes of 5 Guardian Sensor 3 or Enlite sensors must be purchased during the course of a year for this discount to be valid. Medtronic will review Complete package users every year (at the end of January). Medtronic reserves the right to assess your account orders on an annual basis and may notify any customer who has not ordered a minimum of 10 boxes of 5 sensors over one year and remove them from the Complete package. The customer will then be liable to pay the full standard amount per box of 5 sensors on all future purchases.
- There is no minimum purchase for customers using the Lite Package
- A Medtronic CGM transmitter (Guardian 3 Link, Guardian 2 Link or MiniLink) is required for the use of CGM at the cost of the user. The Guardian Sensor 3 is 7 day wear with up to 12 months shelf life. The Enlite sensor is 6 day wear with up to 6 months shelf life. You must consult your Healthcare Professional and be trained in how to use CGM before purchasing Medtronic glucose sensors. Medtronic reserves the right to cease Complete or Lite Packages with a minimum of 3 months' notice to customers.
- The MiniMed 670G System requires full time use of CGM and so the Complete Package is only package available to MiniMed 670G System users. Your healthcare professional will be required to complete a form acknowledging your use of the MiniMed 670G system and confirming their ongoing clinical support.

I HAVE READ AND ACCEPT THE TERMS AND CONDITIONS OUTLINED ABOVE AND AM HAPPY TO PROCEED
 I HAVE READ AND UNDERSTOOD THE MEDTRONIC PRIVACY POLICY AND UNDERSTAND CONSENT TO THE USE OF MY DATA AS COMPLETED ABOVE BEING USED BY MEDTRONIC TO PROVIDE ME WITH THE APPROPRIATE PRODUCTS.
 A COPY OF THIS POLICY IS AVAILABLE AT www.medtronic-diabetes.co.uk

4 CONFIRMATION

PLEASE PRESS 'SEND APPLICATION' BELOW TO REGISTER YOUR APPLICATION.

You will receive an email that your registration is complete and you can begin to order your package. To learn more about CGM and the Enlite sensor, please visit medtronic-diabetes.co.uk
